

Happy Spring to All!

The ubiquitous sign of spring in TCI is now visible!! The amazing asparagus stalks of the sisal plants are streaking toward the sky all along the shoreline with millions of tiny yellow flowers busting through over the next month. Indeed, the whales heading north now is another sure sign of spring as these magnificent creatures move to reach the cool Arctic waters for the summer time. North & Middle Caicos have had a rather wet winter this year, much more rain than usual but it has given us gorgeous green and lush plantlife wherever you look. Hope you enjoy the update ...

Causeway fully repaired and paved!

At last – amazing and truly wonderful – the causeway between Middle and North Caicos is fixed, repaired and paved. Yes indeed, smooth and fresh and glorious to drive along. The new culverts at mangrove flats, causeway and fishponds are all flowing well with the fish seeming happy! A dawn drive reveals the sparkle of safety reflectors all along the way. Our congratulations to the contractors (Jaca and Colasco) for a great job, with serious persistence to successfully complete all works through the streak of rainy weather all autumn and through the last few months!!

Daniel's Cafe - welcome Tasha!

Daniels Café continues as the #1 restaurant on Middle Caicos, and the #7 restaurant in TCI according to Trip Advisor!! Please note that our hours after Easter and onward will be changed to 11am to 3pm Tuesday through Friday only! Over the weekend we will accept large group or special events reservations made well in advance. Daniel is delighted to welcome Natasha Neat as the Café Host for 2016. Daughter of the soil, Tasha was born and raised on Middle Caicos and recently returned to set up home on North Caicos with her partner Shawn Gray and daughter Shamonika. She adds a bright and cheerful note to the café operations, bringing smiles to everyone with her easy manner and gentle laughter! Call 946-6132 during open hours for any further information, catering and party enquiries!

Valentine's Day Cup

The big day on Bambarra beach was fabulous this year, despite bad weather forecast!! After setting up the skies opened and everyone hid under tents and tiki huts for about an hour while it truly poured rain in sheets...and then it stopped, the sun came out and we had a wonderful race day! The Premier, Deputy Premier, Minister for Culture and Director of Culture all attended and their support for this traditional heritage event is much appreciated. The wind was good, steady enough to keep the boats sailing swiftly along but not impossible to catch - and all race classes enjoyed vigorous competition. Please come and join us next year on Bambarra beach Middle Caicos on Saturday February 11th, 2017!

Construction boom!

Oddly enough, there is a construction boom on Middle Caicos with seven projects underway! Slowly but surely this isolated island is gaining new residents to share the peace and tranquility prized by all. The projects include private homes for full time residents and homes for vacation rental in both Conch Bar and Bambarra areas and rental cottages on Bambarra beach...with rumours of a resort project to begin at Half Creek soon! It is a wonderful show of confidence in property values, a compliment to the friendly community and a demonstration of the ease of construction with talented contractors available! Come soon and explore for yourself the opportunity to live on Middle Caicos...visit www.forbesrealttytci.com for details and contact Sara anytime sara@forbesrealttytci.com.

Middle Caicos Blogspot! -- <http://middlecaicosrealestate.blogspot.com/>

For a new and more visible online presence the Middle Caicos Blogspot has been launched! Please do visit the blog, and comment and post – the more the merrier as we strive to give Middle Caicos the attention it deserves. In a world of big projects, huge dramas and major events the quiet beauty of this tiny island has a special appeal.

Looking Ahead

This spring we look forward to a new development launching on Middle Caicos "71 WEST", so stay tuned for more information. And of course in June it is CRABFEST time, dates and details to be confirmed. Please do forward this email along to anyone you know who loves Middle Caicos and let us know your questions and comments about our fabulous island!
